NEW  WORLD  
STAINLESS STEEL LTD

---

We have the pleasure of introducing ourselves as one of the leading Commercial catering equipment suppliers within East Africa boasting of over 40 years of experience. New World Stainless Steel Ltd was founded in the early 1970s to provide quality equipment and services to international standards.

Our company is about people and clients, employees and consultants and enjoying what we do. We believe a mutual preference for success requires NEW WORLD commitment to quality. Over the years, New World has specialized in planning, designing, fabricating, supplying and maintaining commercial food service, cooking, refrigeration, bakery, butcheries and laundry projects. From planning to installation, every aspect of commercial kitchen and laundry equipment projects is addressed by New World with expertise and professionalism.

Projects completed on time, within budget, and exceeding clients' expectations are a source of pride to New World. A philosophy built on professional service and responsibility is the foundation of our commitment to commercial kitchen and laundry equipment excellence. Our quality objectives are to satisfy our clients' needs, and the overall satisfaction of a guaranteed job well done.

Principle activities of the company are:

- *Manufacturing of stainless steel commercial kitchen equipment.*
- *Mechanical ventilation sub-contractors.*
- *Supplying of cold / freezer rooms.*
- *L.P.G. tanks, installation, networking and supply.*
- *General engineering.*
- *Supplying of commercial kitchen equipments.*
- *Laboratory equipment manufacturing.*
- *Supplying of commercial laundry equipment and solutions.*
- *Die / sand casting of non-ferrous metals.*
- *Design, manufacture, supply, installation, commissioning and service.*

We provide our customers with PROFESSIONAL equipment from a range of manufacturers.
